

To the owner of my favorite shop, and the buyer for hair care and body care products:

I have purchased products online from this company. I love the quality and customer support, but I'd like the convenience of purchasing them locally, from your shop. Could you please review their website and order from them? I'll come to your store regularly to purchase from you what I've been ordering online!

Take a look at their products at <http://www.ancientsunrise.com> and call them!

Thank you so much!
